

I want to let you know how K-LOVE serves me everyday as a resident of the local community.
It provides me with 24-hour, uplifting music, commentary and information.
It keeps me updated about events in and around the community as well as events on a national and world-wide basis.
The programming is encouraging and suitable for every member of my family.
If K-LOVE were to be displaced by an LPFM broadcaster providing other programming, it would be devastating to the local community.
There is no other radio station that provides the same type of programming that K-LOVE provides.
There would be no other source of morally-estute, family programming on the air in my community.
The people of this area that tune in for encouragement, laughter, and information would be unable to benefit any longer from this type of programming.
This would be a terrible shame because the last thing this community needs to lose is another positive influence in the lives of the people.
The service provided by K-LOVE is 100 percent in the best public interest.
Their focus to provide quality, accurate, and uplifting programming to everyone in the community.
Their focus is on what is best for the community.
Losing K-LOVE would be a devastating loss.
